

Free Clinical Education Wound Management

BEGINNING MAY 1, 2026

Partnering with the Clinical Resource staff at **Smith+Nephew**, GeriPro leverages our experience as the original Medicare Part B billing service to boost your facility's reimbursement. Through superior documentation and targeted education, we help you optimize coverage, eliminate unnecessary inventory, and break free from rigid, formula-driven supply constraints.

Medicare Part B Reimbursement

- Identify and bill for wound dressings and other Part B supplies
- Recover dollars without burdening your team
- Point Click Care Marketplace Partner
- Internal compliance error rate under the industry standard of 5% year after year

Wound Care Education

Smith+Nephew

- General Wound Care: Skin integrity, Holistic assessment, Dressing selection, TIME, Principle of Wound bed preparation
- Wound Types: PIP management, DFU, VLU, Infection and Biofilm
- Training Modules: 12 covered in 12 weeks on Tuesdays and Thursdays
